

Borough of Newtown
Temporary Dumpster / Storage Pod Application

Application must be submitted at least two weeks in advance of locating a temporary dumpster and/or storage pod. The \$20.00 per day fee must be paid with the submission of this application. It is the permit holders responsibility to notify Newtown Borough if the dumpster will be on site for a period of time different from that indicated on the permit application, in which case an additional permit and fees are required.

Submit application to: buildingandzoning@boroughofnewtown.com

Deliver/mail fees and any support documents to: Newtown Borough Hall 23 North State St Newtown, PA 18940

*Dumpsters are permitted within Newtown Borough. Use of the dumpster shall not violate any other applicable codes or regulations, including without limitation all applicable Newtown Borough zoning regulations. A dumpster must be located at all times within the boundaries of the property owner's lot and shall not obstruct or encroach upon any public or private street, alley, sidewalk or road. Under special circumstances, including, without limitation, space limitations or those situations involving temporary construction projects, a dumpster may be placed partially or entirely in or on a public or private sidewalk or roadway, if also authorized by the Newtown Borough Police Department. The Police Department shall attach whatever conditions are deemed necessary to protect the health, safety and welfare of the public.

Use of an oversized dumpster for temporary construction projects is temporary. In these situations, a dumpster shall not be located on a property or elsewhere with a permit longer than the project's duration, but in no event shall use of a dumpster exceed 90 days, unless extended by the Newtown Borough Code Enforcement Officer.

No dumpster for construction or other projects other than ordinary municipal trash collection shall be placed in Newtown Borough without the property owner or occupant, or his/her agent, first obtaining a permit. The permit shall be issued by the Newtown Borough Code Enforcement Officer. The permittee shall submit a completed application on a form provided by Newtown Borough, along with the required application fee and all required information. The Code Enforcement Officer shall issue the permit within 15 days of receipt of the completed application; provided, however, that if the dumpster's proposed location is, in whole or in part, on a public or private street, alley, sidewalk or road, the Newtown Borough Police Department shall first review and approve the permit application. A per diem fee, separate from the application, shall be charged for each day that the construction dumpster is in place or use. This per diem fee is payable at the time the permit is issued. Both the application fee and the per diem fee shall be established by resolution of Borough Council as set forth in the Newtown Borough Fee Schedule.
